

INTEGRATED LED LIGHTBAR – SUITS LC200

If you are looking for the safety and driving benefit of an LED lightbar without compromising on the OEM styling of the 2015+ Toyota LC200, the Multidrive Technology integrated LED lightbar is for you.

Multidrive Technology has proudly partnered with NSV Australia to bring this Tier 1 OEM manufactured, integrated lightbar to market. This lightbar perfectly compliments the front-end design and styling of your LC200. The result is a high-performance LED lightbar that presents as factory.

Multidrive Technology offer both kit-form sale or in-house fitment via our dedicated workshop. Assurance is guaranteed that all modifications are properly applied against every vehicle.

The lightbar is powered by a complete 'plug and play' wiring loom, leading to an OEM style press button switch mounted in the driver's right side accessories panel.
